Our Testimonials

Awesome Product!

My daughter loved the sipper top I got her for Christmas. Home Run!! Wonder if you guys are planning more colors got a red one for myself and one for my son. My wife was expecting one, but there was no green one (hint, hint).

I also purchased a 40oz bottle to give as a gift, it was a hit too! The difference between your product and the other one is your creativity on the colors and patterns. Thank You for making me the Hero!! Went out today and made more purchases.
